

Our Vision

Families with eczema in Scotland **flourish** in a society where they can lead **healthy** and **fulfilled** lives.

Our Aims

Support and empower families of children with eczema in Scotland

Build **confidence and self-management skills of children** and young people with eczema

Reduce stigma and increase understanding of eczema in communities

Improve services by training professionals and influencing policy

Our Services' Priorities (2016 - 2021)

Reach **the most in need**

Offer engaging and meaningful **activities for children** and young people with eczema

Build a **peer-support community** where members can meet, learn and help each-other

Educate the general public and professionals in targeted communities

Our Charity's Goals

Raise **awareness and profile of EOS** in the world of Dermatology, at local and National level

Support research on eczema and disseminate information to our members and the general public

Develop partnerships with other organisations inc. those working with other atopic conditions

Be the voice of families with eczema in Scotland to lobby for better services
